### IF YOU SHOULD DIE TONIGHT

how would your business affairs be left? Have you made a will? If so, have you named as executors men of business experience, or have you chosen from among relatives and friends regardless of their fitness for such a trust? Business transactions should be stripped of sentiment; every prudent man should arrange to have his affairs, at his death, pass into the hands of persons competent to handle them. Anything short of this is neglect; have you neglected your wife and little ones in this respect? This is a matter of vital interest to YOU.

The Henry Waterhouse Trust Co., Ltd., makes a specialty of estate business and you will do well to call and get suggestions from its representative. Do it NOW. No charge is made by them for the drawing of wills, or for legal advice touching estate matters.

## One thing we distinctly aim at in this

business is that every man who knows us, or who reads our ads, shall get the idea that this is the store for quality in merchandise.

We'd a good deal rather be known as the right place for good stuff, than as a place where you get low prices.

It's always easy to quote prices; but it's what the price buys that counts.

We sell Hart Schaffner & Marx clothes; and we want you to know it; we can't give you any better evidence of our quality standards than that; they're the best clothes made.

Whatever you buy here is good; we intend it to be.

### Fresh GUNTHER'S Chocolates

We get them direct from the Chicago factory in hermetically sealed tin-lined cases and we open only one box at a time as we sell them.

Thus we can guarantee them to be fresh as the day they were made.

### NATIVE COMPLIMENT TO MRS. LONGWORTH

William Sumner Ellis, the Hawaiian musician, has composed a new hula in honor of Mrs. Alice Longworth, to whom he dedicates the composition. Yesterday he submitted a copy of the score to Secretary Atkinson, who, after listening over the notes, declared it a hummer.  
Congressman and Mrs. Longworth are by this native compliment assured of having their present visit to Hawaii preserved evergreen in Hawaiian festival music.

### JACK TO PITCH THE FIRST BALL

The Kalaniana'ole Baseball League has requested Secretary Atkinson to pitch the first ball at the opening of that league's first season. This will be at Aala Park, at 1:30 tomorrow afternoon. "Jack" is going to describe his "line of beauty" signature in the air and the batter that connects with a curve like that is bound one day to follow Barney Joy to the Coast.

Any one who uses gas will tell of the advantages.

### PINEAPPLES AT MAHUKONA

Samuel P. Woods, brother of the Senator, has a patch of pineapples on his place, about two miles back of Mahukona, that is producing at one year after planting suckers, pines seven pounds in weight. He planted but a few suckers as a trial and when he wanted to increase the area he found it difficult in securing the plants.  
The Hilo Fruit Company offers him a contract at twenty-seven fifty per ton, delivered at the cannery. It is estimated that it will cost him seven dollars and fifty cents a ton to deliver. He is undecided whether to make the contract, as his success is encouraging others to plant and it is possible a cannery may be built nearer the lands. There is plenty of land in the vicinity adapted to the growth of pines and it may be used for that purpose.

## The Family Refrigerator Often a Source of Disease

Health demands that food be kept in strictly sanitary receptacles. Don't have anything to do with a "cheap" refrigerator.

The food compartments of a "Monroe" are made of snow-white real porcelain-ware moulded in one piece, with rounded angles and absolutely without joint or crevice. It is strictly sanitary.

We have a fine stock of the "Monroe" and the famous "Leonard Cleanable."
